

Worker Health and Safety Awareness Training

This training material must be completed and returned to the Coordinator of Volunteer Services *before you begin your volunteer commitment.*

This Health and Safety training material is mandatory for all volunteers. Please read the material, complete the attached quizzes (at back of the package).

There is also an e-learning module that reviews this same material should you wish to view it. You can print a certificate at the end of this on-line training for your records should you wish.
