Evening Programming at Abbotsford...

We're excited to share that Abbotsford is introducing evening programming for the first time! This new initiative is part of our ongoing effort to broaden our offerings and make our centre more accessible to adults 55+ who may not be able to participate during the day. Currently, evening programs are in a trial phase, and **regular hours of operation remain unchanged**. However, we are closely monitoring participation and feedback as we explore how to make extended hours and additional programming sustainable in the future.

Look for posters in the 'missives' sent via-e-mail and on our bulletin boards!
